Title: New York State / National Register Listings in Onondaga County

Geospatial_Data_Presentation_Form: vector digital data

Description:

Abstract:

The New York State and National Register listings geographic dataset for Onondaga County was originally developed by the New York State Historic Preservation Office (NYSHPO) in May, 2004. Shortly after its production, this dataset was delivered to the Syracuse-Onondaga County Planning Agency (SOCPA) for use in the Agency's GIS database. Annual edits to the file have been conducted by SOCPA staff to ensure completeness as new sites/districts are added and positional agreement with Onondaga County's parcel file and NYS orthophotography. The resulting file uses polygon features to represent both NYS/NR sites and NYS/NR districts in an ESRI shapefile format. All features and attributes were retained from the original NYSHPO dataset. Two additional attributes were created by SOCPA staff, one to classify polygon features as either sites or districts for cartographic display and one to identify the municipality.

Purpose:

Suitable for use in a GIS database to display and identify NYS/NR listings in Onondaga County.

Supplemental_Information:

Data originally produced by the NYSHPO at a scale of 1:24,000. Zone 4826 (Central New York) of the State Plane Coordinate System (NAD 27).

Data_Quality_Information:

Logical_Consistency_Report: Generally topologically clean.

Completeness_Report:

Shapefile consists of polygons representing all New York State / National Register listings in Onondaga County as of June, 2022. Any sites that may have been approved by the State Review Board after June, 2022 are NOT INCLUDED in this file. All sites and districts in the dataset, regardless of their size, are represented by polygon features. Polygons are attributed with the following: site name, site address, identification numbers, NR listings code definitions, restrictions, and site type.

Positional_Accuracy:

Horizontal_Positional_Accuracy:

Horizontal_Positional_Accuracy_Report:

Data has been edited to overlay respective features in the Onondaga County Parcel file and/or NYS aerial photography using an address attribute provided by NYSHPO. Thus, any feature address attribute errors that may exist will result in additional horizontal positional errors with the resulting (SOCPA) dataset.

Quantitative_Horizontal_Positional_Accuracy_Assessment:
Horizontal_Positional_Accuracy_Value: +/- 40 feet
Horizontal_Positional_Accuracy_Explanation:
No quantitative tests.

Lineage:

Source_Information:
Source_Scale_Denominator: 24,000
Type_of_Source_Media: USGS 1:24,000 quad sheets
Process_Step:

Process_Description:

The original dataset produced by NYSHPO consisted of polygons digitized directly from USGS quadrangle maps. This dataset was projected on-screen and edited by SOCPA staff to ensure positional agreement with existing SOCPA GIS datasets. In most cases, the original polygons were moved or re-shaped to coincide with SOCPA'S parcel file. In other cases, polygons were edited to overlay building footprints using NYS orthophotography. SOCPA added two attributes for cartographic display purposes: municipality and type (district or site).
