Title:

Syracuse Common Council Districts

Geospatial Data Presentation Form: vector digital data

Description:

Abstract:

The City of Syracuse Common Council District geographic dataset was created by the Syracuse-Onondaga County Planning Agency (SOCPA) for use in its GIS database. The shapefile consists of polygon features representing each of the five Common Council Districts in the City of Syracuse, as passed by the City of Syracuse Common Council in 2022. This dataset was created directly from the Onondaga County Election District shapefile by using the "dissolve" command (applied to the CITY_CC attribute) in ArcMap. The only attribute included with this file is a single-character attribute identifying the district number.

Purpose:

Suitable for use in a GIS database for the display, query, and identification of Common Council Districts in the City of Syracuse.

Supplemental Information:

Zone 4826 (Central New York) of the State Plane Coordinate System (NAD83).

Zone 4826 (Central New York) of the State Plane Coordinate System (NAD83).

Data_Quality_Information:

Logical_Consistency_Report:

Generally topologically clean.

Generally topologically clean.

Completeness_Report:

Shapefile consists of polygon features representing all Common Council Districts in the City of Syracuse as of 2022. This dataset has been reviewed for accuracy by the Onondaga County Board of Elections (BOE) in hard copy form only. As a result, it is possible that one or more errors may exist in the attribute data. This file is not expected to be updated in the near future unless Common Council District boundaries are officially altered.

Positional_Accuracy:

Horizontal_Positional_Accuracy:

Horizontal_Positional_Accuracy_Report:

The election district boundaries from which this shapefile is derived are an extract of features selected from the Onondaga County Street File. As a result, the positional accuracy of the Common Council District dataset should be similar to that of the street file (about +/- 40 feet).

Quantitative_Horizontal_Positional_Accuracy_Assessment:

Horizontal_Positional_Accuracy_Value: +/- 40 feet

Horizontal_Positional_Accuracy_Explanation:

No quantitative tests

No quantitative tests

Lineage:

Process_Step:

Process_Description:

The City of Syracuse Common Council District shapefile was created directly from the Onondaga County Election District shapefile in ArcMap by dissolving the election districts using the CITY_CC attribute. As a result, the Common Council District boundaries should geographically coincide with features from the election district file, and thus, the Onondaga County Street file upon which it was based. A single-character attribute describing the Common Council District number is included.
